BOARD LEADERSHIP TRAINING

Discover how to maximize your time and talent to be an effective Board member.

Board Leadership is a live virtual training program that develops participants' knowledge and skills to effectively serve on a nonprofit board. The program provides training as a powerful combination of statewide expertise with local vision and insight. CLE has partnered with the New York Council of Nonprofits (NYCON) to deliver core trainings balanced with region-specific "fireside chat" sessions facilitated by CLE with community leaders. The curriculum is designed to provide participants with knowledge of the nonprofit model and the governance responsibilities associated with board service.

Sessions will take place via Zoom to allow anyone from anywhere the opportunity to join the training and will be offered independently of one another to allow individuals to choose areas of interest and learning.

Sessions will take place from 4-6 p.m. to allow for those who volunteer for organizations flexibility with their time.

M&T BANK /
PARTNERS TRUST BANK
CHARITABLE FUND
